ABOUT ME

I am a dedicated and enthusiastic IT student, currently in my final year. I am passionate on working with new technologies. My academic projects have equipped me with hands-on experience in coding Java, debugging, and system optimization. I am eager to apply my knowledge and skills in a dynamic and growth-oriented environment, where I can contribute to innovative projects and further enhance my expertise.

ACADEMIC PERFORMANCE

- 12th grade [83%]
- 10th grade [86%]
- CGPA [80%]
