PROFILE

I am a dedicated and enthusiastic IT student in my final year, passionate about exploring and working with emerging technologies.
Through academic projects, I have gained hands-on experience in Java development, debugging, and system optimization.
I am a proactive learner with strong problem-solving skills, eager to apply my technical knowledge in a dynamic, growth-driven environment.
My goal is to contribute to innovative projects while continuously enhancing my expertise in software development and IT solutions.

WORKS

- Collaborative Coding Environment. (MERN stack)
- React Projects (Portfolio site, MovieLand - Search Movies Description)
